Equip yourself with the core techniques for managing risks to strategy, programmes, projects and operations in the workplace on this M_o_R® Foundation course. M_o_R® is a Registered Trade Mark of AXELOS Limited

What is the M_o_R® Foundation course?

The M_o_R® (Management of Risk) Foundation course, is one of five M_o_R® training courses. Over three days you will be provided with a generic framework for the management of risk across all parts of an organisation. This risk management course you will show you how to measure, assess and manage risk and help you manage the risk by avoiding it, transferring it and reducing the impact of the risk. This M_o_R® Foundation course will provide an understanding of the 4 elements of the M_o_R® business framework and how these aid corporate governance. These four elements are:

- Strategic
- Programme
- Project
- Operational

M_o_R Training & Exams provided through ATO SPOCE Project Management Ltd.

What are the M_o_R® Foundation Course Objectives?

The key objectives of this course are:

- Provide Delegates with an understanding of the benefits and principles underlying a structured approach to the assessment and management of risks
- Apply the principles of M_o_R® within a work environment
- Communicate effectively with colleagues and managers within a structured risk environment
- Enable delegates to understand the M_o_R® method at the Foundation level

Who is the M_o_R® Foundation course for?

This course is for any organisation or individual with an interest in risk management or requiring

- Programme and Project Managers
- Risk Managers
- Business Change Managers
- Operational Staff and Managers
- Business, Programme and Project and Support Staff and Managers
- Staff and Managers who originate from other disciplines, in particular, those individuals who are responsible for creating standards and/or implementing them with MoP portfolio management, MSP Programme Management and PRINCE2 management.

Why should I take the M_o_R® Foundation course?

By achieving this M_o_R® Foundation certification you will have the ability to prove that you have adequate knowledge and understanding to be able to contribute to the identification, assessment and regulation of risks in an organisation. You will be provided with bigger and better opportunities to accelerate your career and reach your potential.
