What is Lightroom Masterclass Training?

If you're a photographer who takes their work seriously, or regularly have to process large amounts of photographs or images, Photoshop Lightroom is an indispensable tool.

A one stop shop for organising and processing images direct from RAW, Lightroom can help you get the most from your images at any ISO whilst significantly improving your work flow.

Our hands-on instructor-led **Adobe Lightroom Masterclass training course** provides a comprehensive introduction to Photoshop Lightroom, Adobe's professional toolbox for image organisation, processing, and output.

Lightroom Masterclass training is a private course which can be arranged at our premises in Brighton or at the location of your choice. Please call us on +44 (0)1273 622272 for a training consultation.

We also run Photoshop training and Advanced Photoshop training publicly if you want to learn how to use Adobe's cornerstone photo editing tool.

Course Objectives

In this one-day Photoshop Lightroom training course you will cover:
